

Ego *Patricius* peccator, rusticissimus & minimus omnium fidelium, & contemptibilissimus apud plurimos, patrem habui Calpornium diaconem, filium quondam Potiti Presbyteri qui fuit in a vico Bonavem Tabernia; Villulam Enon propè habuit, ubi capturam dedi. Annorum eram tunc ferè sedecim. Deum verum ignorabam, & *Hiberione* in captivitate adductus sum, cum tot milibus hominum, secundum merita nostra, quia à Deo recessimus, & praecepta ejus non custodivimus, & sacerdotibus nostris non obediētes fuimus, qui nostram salutem admonebant: Et Dominus induxit super nos iram animationis suae.
